10. Commissioner Reports
Commissioner Boyd - I have nothing much to report other than the fact that the Board voted on a fencing ordinance that was not completed. We voted we would grandfather fences in from the Urban Growth Boundary over a certain height and that wasn't completed. I apologize to the citizens of Klamath County. Rest assured we will get that straightened up.

Commissioner DeGroot - I hope everyone had a good holiday weekend and Valentines Day. Last week I spent time with Neiman Industries. The folks that bought the Gilchrist Mill. Between 120-130 individuals that were laid off when Interfor closed have been brought back. This is good news for north county. I continued to work with Wilsonart, things are going extremely well. There is some negotiating going on but that will be wrapped up soon. I also spent time working with new development for Timber Mill Shores. There are exciting things coming.

Commissioner Morris - I am watching some significant legislation being proposed that would have far reaching impacts on counties. One in particular is House Bill 2002 which is really dramatic reform to law enforcement. I've been taking a deep dive into that legislation. Of course the measure 110 passed by the voters related to the deregulation of drugs offenses is also having a dramatic effect on law enforcement.
