

Road Division

Department Mission:

To provide a safe, effective and long lasting county road system that is environmentally sensitive and effectively maintained.

Mandated Services:

- Keep County Roads in repair
 - Maintain a complete and accurate cost account for road work
- Oregon Revised Statutes do not provide any specifics regarding the level of maintenance and repair required for County Roads. Klamath County must decide on a level that is affordable, but still maintain the road network and infrastructure to meet the needs of the community.

Self Imposed Services:

- Garbage collection from road right-of-way – Public Works contracts with the Community Corrections department who provide work crews to clean County road right-of-ways of litter.
- Snow removal from driveways in the UGB – This practice was started many years ago. Plans to discontinue this service may be made as revenues decrease.
- Culvert flushing and painting for other jurisdictions on a reimbursable basis.
- Winter Level of Service Standards, Resolution No. 2010-020

Department Overview:

- Road Department
 - Pavement Preservation & Maintenance (Chip Seals, Crack sealing, Overlays, Road Reconstruction). Klamath County maintains 864 miles of road (751 miles of paved road and 113 miles of gravel roads).
 - Snow removal
- Road Reserve
 - Bridge replacement – Since 1995, we have replaced 22 bridges. We are currently working on the replacement of a bridge on South Merrill Road.
 - Major long term projects
 - Other projects as they develop
- Bicycle Trails
 - 1% of Motor Vehicle Apportionment – Restricted to bike trails that are in Road right-of-ways. Cannot be spent on the A-canal bike path because it is on Bureau of Reclamation land and not in a right-of-way.
- Klamath Falls Streets
 - Checking account for City Street Maintenance – The City of Klamath Falls submits a list of planned projects that they anticipate using the funds for. Upon

completion of the project, they submit a billing to the County showing all expenditures proving the funds are only used on city street projects.

- Equipment Reserve
 - Large equipment purchases/replacement equipment purchases

Successes and Challenges:

Successes:

- Longevity of work force – 13 out of 41.98 employees with > 20 years
- Pavement Condition Index (PCI) of 81 on a 0-100 scale, calculated by Capitol Asset, Inc. via visual inspections May 2013.
- Proactive Bridge Replacement Program
- \$97M in the bank – Previous visionaries who worked in the Public Works Department created the Road Reserve fund. They were aware that Safety Net payments would potentially someday be eliminated. Their goal was to build enough of a savings to be able to rely on interest as a source of income to contribute to maintaining the County road system.

Challenges:

- Longevity of work force – Large payouts at retirement, need to keep succession plan up to date.
- Forest Payments based on actual cut as of 14/15 fiscal year. Potential “Safety Net” extensions may not be completely dead in Washington.
- Cost of doing business continues to increase.
- Low interest rates.

Budget Overview:

- Major Revenue: Motor Vehicle Apportionment is the biggest funding source. Federal Forest Receipts have declined and will be solely based on the actual cut revenue from federal forest lands. Motor Vehicle Apportionments vary based on fuel used and number of vehicles registered in Klamath County.
- Major Expenditures: Major expenditures for the public works department are chip oil and rock which are the main materials used to chip seal roads, contracts for services for snow plowing and road reconstruction, bridge reconstruction costs and personnel. Other significant costs to our department are equipment, fuel, auto & equipment parts and equipment repair.

Significant Changes:

- Chip Seal Cycle: In the past, the County Road Department has worked on a 5-year chip seal cycle in order to maintain the road network. Beginning two years ago, the chip seal cycle changed to every 7-8 years. As revenues decrease and costs increase,

we will be concentrating on the relatively high volume collector streets. Low volume local streets will be chip sealed less frequently.

- Personnel: In 2004, Public Works implemented a plan to reduce personnel in anticipation of the Federal Forest Receipt decrease. It was decided to reduce the work force through attrition in order to keep personnel costs in line with decreasing revenues. In 2004 there were 62 employees in the Public Works Department. Today there are 41.98 employees.

Key issues:

- Reconstruction of the Altamont corridor – This year's phase (phase IV) is from Onyx to Laverne.
- Sell Old Road Shop – Old Road Shop located at 2121 Washburn Way is for sale.
- Future Phases for the New Road Shop – Truck sheds and sand storage facilities were delayed due to decrease in project scope. These structures may be erected after the old road shop is sold.
- County share of 10.75% match for Brett Way Extension: \$300,000

Weed Control Division

Department Mission:

Klamath County Weed Control is dedicated to protecting public and private lands, agriculture, forestry, human health and wildlife from the negative impacts of Noxious Weeds.

Mandated Services:

Weed Control is not subject to any mandated services.

Self-Mandated Services:

Chapter 569 of the Oregon Revised Statutes outlines the actions a County may take to control or otherwise prevent Noxious Weeds.

The County Commissioners have declared all lands within Klamath County a Weed Control District and have declared a list of Noxious Weeds within the County (Order No. 2013-046). They have also appointed a County Weed Supervisor to conduct the duties outlined in ORS 569.370 & County Code 401.510.

Klamath County Weed Control, through the duties of the Weed Control & Vegetation Supervisor and his employees, provides the following services to Klamath County:

- 1) Find noxious weeds growing on land within the County
- 2) Serves notices to control noxious weeds
- 3) Issues citations for violations of County Code
- 4) Controls or otherwise destroys noxious weeds on land within the Weed Control District

Department Overview:

Weed Control employs one half-time Weed Control & Vegetation Supervisor, three full-time seasonal Applicators and three full-time seasonal Driver/Helpers. All employees are licensed by Oregon Department of Agriculture to apply pesticides and all Applicators have the option to attend annual training courses to maintain their license certification. Weed Control maintains a variety of specialized equipment including four 4-wheel drive pickups equipped with pack tanks, four ATV's equipped with spray tanks, one small non-motorized boat and numerous backpack sprayers and hand tools.

Successes and Challenges:

Weed Control remains entirely independent of the County General Fund. Weed Control has worked hard to provide quality service to our customers and has substantially reduced noxious weed infestations. In the past five years we have discovered and worked to control six new weeds that were not previously known to exist in the County, and one of these was not previously known to exist in the State. Still, we are faced with an ever present threat of new invaders that have the potential to cause severe negative economic and biological impacts on our County. In the recent past our funding has been pretty stable, but with the current status of the economy, Federal and State budgets are being decreased. Noxious weed control may not remain a priority for all of the agencies we contract with and that will likely lead to a reduction or possible elimination of some of our contracts. Keeping our applicators employed with us is another challenge we face. We only offer seasonal work and few people are able to remain for several years in a seasonal employment situation.

Budget Overview:

Weed Control is self-supported through acquisition of contracts with outside Local, State, and Federal Agencies, a few private companies and land owners and through grants for weed control work. We operate at our cost of providing service. Our start and end dates of every season are dictated by the weather but we generally are able to perform about \$200,000 in contract and grant work each season. The Board of County Commissioners annually set our fee schedule (Resolution No. 2014-013) which allows us to charge an overhead on labor. This overhead is used to cover our department expenses. At the start of every year it is critical that we have sufficient Net Working Capital to cover start-up expenses for supplies, equipment and chemicals. We are also faced with having to make payroll for 1 to 2 months before we receive payment for work we have performed.

Significant Changes:

Significant Changes include; 1) fee increases; 2) seasonal full time employment status for Driver/Helpers making them eligible for Klamath County's benefit package including health insurance; 3) pollution liability and gap insurance coverage.

Key issues:

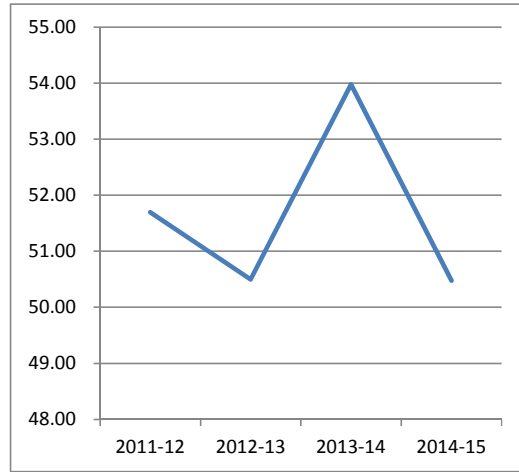

Every year Weed Control is faced with having to run a financially tight program. In the current economic situation Federal & State spending is being cut back. All of the agencies which we contract with are facing budget cuts and those cuts have begun to have an impact on the amount of money that they have available for weed control activities. For the 2014/15 season we have also implemented a new (higher) fee schedule which will further impact our revenues.
