

Department Mission:

To provide a safe, effective and long lasting county road system that is environmentally sensitive and efficiently maintained.

Mandated Services:

- Keep County Roads in repair
- Maintain a complete and accurate cost account for road work

Oregon Revised Statutes do not provide any specifics regarding the level of maintenance and repair required for County Roads. Klamath County must decide on a level that is affordable, but still maintain the road network and infrastructure to meet the needs of the community.

Self Imposed Services:

- Garbage collection from road right-of-way – Public Works contracts with the Community Corrections department who provide work crews to clean County road right-of-ways of litter.
- Snow removal from driveways in the UGB – This practice was started many years ago. Plans to discontinue this service may be made as revenues decrease.
- Culvert flushing and painting for other jurisdictions on a reimbursable basis.
- Winter Level of Service Standards, Resolution No. 2010-020
- Weed control services, Chapter 569 of the Oregon Revised Statutes outlines the actions a County may take to control or otherwise prevent Noxious Weeds. The County Commissioners have declared all lands within Klamath County a Weed Control District and have declared a list of Noxious Weeds within the County (Order No. 2015-047). They have also appointed a County Weed Supervisor to conduct the duties outlined in ORS 569.370 & County Code 401.510.

Department Overview:

- Road Department
 - Pavement Preservation & Maintenance (Chip Seals, Crack sealing, Overlays, Road Reconstruction). Klamath County maintains 864 miles of road (751 miles of paved road and 113 miles of gravel roads).
 - Snow removal
- Road Reserve
 - Bridge replacement – Since 1995, we have replaced 25 bridges.
 - Major long term projects
 - Other projects as they develop
- Bicycle Trails
 - 1% of Motor Vehicle Apportionment – Restricted to bike trails that are in Road right-of-ways. Cannot be spent on the A-canal bike path because it is on Bureau of Reclamation land and not in a right-of-way.
- Klamath Falls Streets

- Checking account for City Street Maintenance – The City of Klamath Falls submits a list of planned projects that they anticipate using the funds for. Upon completion of the project, they submit a billing to the County showing all expenditures proving the funds are only used on city street projects.
- Equipment Reserve
 - Large equipment purchases/replacement equipment purchases
- Weed Control
 - Employs one half-time Weed Control & Vegetation Supervisor, three full-time seasonal Applicators and three full-time seasonal Driver/Helpers. All employees are licensed by Oregon Department of Agriculture to apply pesticides and all Applicators have the option to attend annual training courses to maintain their license certification. Weed Control maintains a variety of specialized equipment including four 4-wheel drive pickups equipped with pack tanks, four ATV's equipped with spray tanks, one small non-motorized boat and numerous backpack sprayers and hand tools.

Successes and Challenges:

Successes:

- Longevity of work force – 13 out of 36.98 employees with > 20 years
- Proactive Bridge Replacement Program
- \$91M in the bank – Previous visionaries who worked in the Public Works Department created the Road Reserve fund. They were aware that Safety Net payments would potentially someday be eliminated. Their goal was to build enough of a savings to be able to rely on interest as a source of income to contribute to maintaining the County road system.
- Weed Control remains entirely independent of the County General Fund. Weed Control has worked hard to provide quality service to our customers and has substantially reduced noxious weed infestations. In the past five years we have discovered and worked to control six new weeds that were not previously known to exist in the County, and one of these was not previously known to exist in the State.

Challenges:

- Longevity of work force – Large payouts at retirement, need to keep succession plan up to date. 20.48 out of 36.98 FTE over 55 years of age.
- Forest Payments based on actual cut as of 15/16 fiscal year. Potential “Safety Net” extensions may not be completely dead in Washington.
- Cost of doing business continues to increase.
- Low interest rates.
- Weed Control is faced with an ever present threat of new invaders that have the potential to cause severe negative economic and biological impacts on our County. In the recent past our funding has been pretty stable, but with the current status of the economy, Federal and State budgets are being decreased. Noxious weed control may not remain a priority for all of the agencies we contract with and that will likely lead to a reduction or possible elimination of some of our contracts. Keeping our applicators

employed with us is another challenge we face. We only offer seasonal work and few people are able to remain for several years in a seasonal employment situation.

Budget Overview:

Road Department:

- Major Revenue: Motor Vehicle Apportionment is the biggest funding source. Federal Forest Receipts have declined and will be solely based on the actual cut revenue from federal forest lands. Motor Vehicle Apportionments vary based on fuel used and number of vehicles registered in Klamath County.
- Major Expenditures: Major expenditures for the public works department are chip oil and rock which are the main materials used to chip seal roads, contracts for services for snow plowing and road reconstruction, bridge reconstruction costs and personnel. Other significant costs to our department are equipment, fuel, auto & equipment parts and equipment repair.

Weed Control Department:

- Major Revenue: Weed Control is self-supported through acquisition of contracts with outside Local, State, and Federal Agencies, a few private companies and land owners and through grants for weed control work. We operate at our cost of providing service. Our start and end dates of every season are dictated by the weather but we generally are able to perform about \$250,000.00 in contract and grant work each season. The Board of County Commissioners annually sets our fee schedule (Resolution No. 2015-012) which allows us to charge an overhead on labor.
- Major Expenditures: This overhead is used to cover our department expenses. At the start of every year it is critical that we have sufficient Net Working Capital to cover start-up expenses for supplies, equipment and chemicals. We are also faced with having to make payroll for 1 to 2 months before we receive payment for work we have performed.

Significant Changes:

- Chip Seal Cycle: In the past, the County Road Department has worked on a 5-year chip seal cycle in order to maintain the road network. Beginning two years ago, the chip seal cycle changed to every 7-8 years. As revenues decrease and costs increase, we will be concentrating on the relatively high volume collector streets. Low volume local streets will be chip sealed less frequently.
- Personnel: In 2004, Public Works implemented a plan to reduce personnel in anticipation of the Federal Forest Receipt decrease. It was decided to reduce the work force through attrition in order to keep personnel costs in line with decreasing revenues. In 2004 there were 62 employees in the Public Works Department. Today there are 36.98 employees.

- Weed Control seasonal full time employment status for Driver/Helpers now makes them eligible for Klamath County's benefit package including health insurance which is a substantial added expense for our department. We have started using a temp agency to supply our Driver/Helpers in order to reduce some of this added expense.

Key issues:

- Reconstruction of the Altamont corridor – This year's phase (Laverne Ave – Phase 1) is from Washburn Way to Avalon Street.
- Sell Old Road Shop – Old Road Shop located at 2121 Washburn Way is for sale.
- Future Phases for the New Road Shop – Truck sheds and sand storage facilities were delayed due to decrease in project scope. These structures may be erected after the old road shop is sold.
- In 2014, Weed Control implemented a new (higher) fee schedule which has increased our hourly rate and therefore provided us with more income to cover increased expenses as long as we are able to work a full season. The increased rate is causing us to use up the money available on our contracts sooner which may cause a shortened work season if we have a reduction in our number of contracts. A shortened season is not expected for 2015/16.
