Klamath County Public Health

Oregon COVID-19 update July 20, 2020

4 pages

Data current as of 7/20/2020, 12:01 a.m. Updated Monday - Friday.*	
Total cases	**14,847**[1]
Total deaths	262
Positive tests	14,085
Negative tests	325,197
Total tested	339,282

*For daily counts of cases, deaths and negative tests on weekends, please see our weekend press releases available here.

[1]Includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and had close contact with a laboratory confirmed case.

Age group	Cases[1]	Percent	Ever hospitalized[4]	Deaths[2]
0 to 9	593	4%	12	0
10 to 19	1388	9%	14	0
20 to 29	3187	21%	82	0
30 to 39	2604	18%	115	3
40 to 49	2470	17%	172	3
50 to 59	1954	13%	228	13
60 to 69	1282	9%	279	49
70 to 79	790	5%	265	71
80 and over	554	4%	214	123
Not available	25	0%	6	0
Total	**14847**	**100%**	**1387**	**262**

Sex	Cases[1]	Percent	Deaths[2]	Percent
Female	7686	52%	116	44%
Male	7117	48%	146	56%
Non-binary	3	0%	0	0%
Not available	41	0%	0	0%
Total	**14847**	**100%**	**262**	**100%**

Hospitalized[4]	Cases[1]	Percent
Yes	1387	9%
No	11675	79%
Not provided	1785	12%
Total	**14847**	**100%**

Hospital capacity and usage[5]	Available	Total staffed
Adult ICU beds	162	776
Adult non-ICU beds	775	4358
Pediatric NICU/PICU beds	78	322
Pediatric non-ICU beds	102	348
Ventilators	782	

COVID-19 details[5]	Patients with suspected or confirmed COVID-19	Only patients with confirmed COVID-19
Current hospitalized patients	233	155
Current patients in ICU beds	70	55
Current patients on ventilators	34	31

Testing by Oregon State Public Health Laboratory

Specimens received at OSPHL yesterday   722

Test results released by OSPHL yesterday   618

Specimens pending at OSPHL as of 8:00 p.m. yesterday   381

Total persons tested for COVID-19 at OSPHL since 2/28/2020   13,956

Total persons tested at other laboratories   *325,326*

Total persons tested   *339,282*

County	Cases[1]	Deaths[2]	Negatives[3]
Baker	13	0	724
Benton	128	6	7185
Clackamas	1141	30	31491

Washington	2246	21	45876
Wheeler	0	0	131
Yamhill	241	9	7797
Total	**14847**	**262**	**325197**

[1]This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and had close contact with a laboratory confirmed case. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

[2]For additional details on individuals who have died from COVID-19 in Oregon, please refer to our press releases.

[3]This includes cases who test negative and are not epi-linked to a confirmed case.

[4]Ever hospitalized, if available, as reported to OPERA. OPERA is the state of Oregon's electronic disease surveillance system for COVID-19. Cases are considered hospitalized if they were ever admitted to the hospital for inpatient care during the their COVID-19 illness. Cases who were examined in but not admitted to a hospital may be incorrectly classified as hospitalized until interview and medical record review are complete, leading to fluctuations in the number of hospitalized COVID-19 cases.

[5]As reported to Oregon's Hospital Capacity Web System (HOSCAP). Every hospital in Oregon is asked to submit data twice daily HOSCAP. Hospital staff are asked to enter bed capacity information, by type, as well as the numbers of patients with suspected or confirmed COVID-19 illness who are currently hospitalized at the time of data entry. These data may conflict with hospitalization status in OPERA due to case reporting and investigation lags and temporary discrepancies in case classification.

Notes:

1. Because community transmission is occurring in Oregon and recommendations on social or physical distancing are in place, as of March 17, 2020, we no longer report daily counts of persons under monitoring.
2. Confirmation by CDC of laboratory results from the Oregon State Public Health Laboratory is no longer required; therefore as of March 15, 2020, we no longer note the number of CDC-confirmed cases.
3. Reporting of travel history is not available for cases reported to OHA by commercial laboratories; therefore as of March 15, 2020, we no longer include information about travel history.
4. As of March 25, 2020, we are including the number of pending test results available from the Oregon State Public Health Laboratory (OSPHL). The OSPHL serves as the first source of testing during an outbreak and as commercial labs come online, OSPHL increases focus on priority testing. Commercial labs have the ability to conduct testing on an industrial scale, but do not report pending results, therefore we only include pending results from OSPHL.
5. As of March 26, 2020, OHA is releasing a COVID-19 Daily Update (formerly called the Situational Status Report). Previous updates are posted on OHA's COVID-19 News page.
