Klamath County Public Health

Oregon COVID-19 update September 28, 2020

4 pages

Data current as of 9/28/2020, 12:01 a.m. Updated Monday - Friday.*	
Total cases	**32,994**
Total deaths	547
Positive tests	31,390
Negative tests	642,035
Total tested	673,425

*For daily counts of cases, deaths and negative tests on weekends, please see our weekend press releases, available here.
Total cases include cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and close contact with a laboratory confirmed case. Antibody test results are not included in our data.

Age group	Cases[1]	Percent	Ever hospitalized[4]	Deaths[2]
0 to 9	1549	5%	27	0
10 to 19	3445	10%	32	0
20 to 29	7149	22%	170	2
30 to 39	5831	18%	204	4
40 to 49	5366	16%	296	13
50 to 59	4184	13%	412	37
60 to 69	2638	8%	499	83
70 to 79	1611	5%	498	144
80 and over	1205	4%	399	264
Not available	16	0%	1	0
Total	**32994**	**100%**	**2538**	**547**

Sex	Cases[1]	Percent	Deaths[2]	Percent
Female	17044	52%	234	43%
Male	15847	48%	313	57%
Non-binary	3	0%	0	0%
Not available	100	0%	0	0%
Total	**32994**	**100%**	**547**	**100%**

Hospitalized[4]	Cases[1]	Percent
Yes	2538	8%
No	27189	82%
Not provided	3267	10%
Total	**32994**	**100%**

Hospital capacity and usage[5]	Available	Total staffed
Adult ICU beds	229	723
Adult non-ICU beds	905	4501
Pediatric NICU/PICU beds	131	389
Pediatric non-ICU beds	88	335
Ventilators	814	

COVID-19 details[5]	Patients with suspected or confirmed COVID-19	Only patients with confirmed COVID-19
Current hospitalized patients	191	133
Current patients in ICU beds	44	35
Current patients on ventilators	19	15

Testing by Oregon State Public Health Laboratory	
Specimens received at OSPHL yesterday	94
Test results released by OSPHL yesterday	179
Specimens pending at OSPHL as of 8:00 p.m. yesterday	177
Total persons tested for COVID-19 at OSPHL since 2/28/2020	23,400
Total persons tested at other laboratories	*650,025*
Total persons tested	*673,425*

County	Cases[1]	Deaths[2]	Negatives[3]

Wheeler	0	0	163
Yamhill	762	13	17141
Total	**32994**	**547**	**642035**

[1]This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and had close contact with a laboratory confirmed case. Antibody test results are **not** included in our data. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

[2]For additional details on individuals who have died from COVID-19 in Oregon, please refer to our press releases.

[3]This includes cases who test negative and are not epi-linked to a confirmed case.

[4]Ever hospitalized, if available, as reported to OPERA. OPERA is the state of Oregon's electronic disease surveillance system for COVID-19. Cases are considered hospitalized if they were ever admitted to the hospital for inpatient care during the their COVID-19 illness. Cases who were examined in but not admitted to a hospital may be incorrectly classified as hospitalized until interview and medical record review are complete, leading to fluctuations in the number of hospitalized COVID-19 cases.

[5]As reported to Oregon's Hospital Capacity Web System (HOSCAP). Every hospital in Oregon is asked to submit data twice daily HOSCAP. Hospital staff are asked to enter bed capacity information, by type, as well as the numbers of patients with suspected or confirmed COVID-19 illness who are currently hospitalized at the time of data entry. These data may conflict with hospitalization status in OPERA due to case reporting and investigation lags and temporary discrepancies in case classification.

Notes:

1. Because community transmission is occurring in Oregon and recommendations on social or physical distancing are in place, as of March 17, 2020, we no longer report daily counts of persons under monitoring.
2. Confirmation by CDC of laboratory results from the Oregon State Public Health Laboratory is no longer required; therefore as of March 15, 2020, we no longer note the number of CDC-confirmed cases.
3. Reporting of travel history is not available for cases reported to OHA by commercial laboratories; therefore as of March 15, 2020, we no longer include information about travel history.
4. As of March 25, 2020, we are including the number of pending test results available from the Oregon State Public Health Laboratory (OSPHL). The OSPHL serves as the first source of testing during an outbreak and as commercial labs come online, OSPHL increases focus on priority testing. Commercial labs have the ability to conduct testing on an industrial scale, but do not report pending results, therefore we only include pending results from OSPHL.
5. As of March 26, 2020, OHA is releasing a COVID-19 Daily Update (formerly called the Situational Status Report). Previous updates are posted on OHA's COVID-19 News page.
