## Oregon COVID-19 update October 14, 2020

4 pages

Data current as of 10/14/2020, 12:01 a.m. Updated Monday - Friday.*	
Total cases	<b>38,160</b>
Total deaths	608
Positive tests	36,242
Negative tests	723,392
Total tested	759,634

\*For daily counts of cases, deaths and negative tests on weekends, please see our weekend press releases, [available here](#).

Total cases include cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and close contact with a laboratory confirmed case. Antibody test results are not included in our data.

Age group	Cases <sup>1</sup>	Percent	Ever hospitalized <sup>4</sup>	Deaths <sup>2</sup>
0 to 9	1798	5%	32	0
10 to 19	4105	11%	36	0
20 to 29	8289	22%	197	2
30 to 39	6772	18%	223	4
40 to 49	6104	16%	330	14
50 to 59	4823	13%	458	38
60 to 69	3019	8%	557	93
70 to 79	1830	5%	553	151
80 and over	1387	4%	461	306
Not available	33	0%	1	0
<b>Total</b>	<b>38160</b>	<b>100%</b>	<b>2848</b>	<b>608</b>

Sex	Cases <sup>1</sup>	Percent	Deaths <sup>2</sup>	Percent
Female	19684	52%	267	44%
Male	18336	48%	341	56%
Non-binary	3	0%	0	0%

<b>Total</b>	<b>38160</b>	<b>608</b>	<b>723392</b>

<sup>1</sup>This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are people without a positive diagnostic test who have COVID-19-like symptoms and had close contact with a laboratory confirmed case. Antibody test results are **not** included in our data. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

<sup>2</sup>For additional details on individuals who have died from COVID-19 in Oregon, please [refer to our press releases](#).

<sup>3</sup>This includes cases who test negative and are not epi-linked to a confirmed case.

<sup>4</sup>Ever hospitalized, if available, as reported to OPERA. OPERA is the state of Oregon's electronic disease surveillance system for COVID-19. Cases are considered hospitalized if they were ever admitted to the hospital for inpatient care during their COVID-19 illness. Cases who were examined in but not admitted to a hospital may be incorrectly classified as hospitalized until interview and medical record review are complete, leading to fluctuations in the number of hospitalized COVID-19 cases.

<sup>5</sup>As reported to Oregon's Hospital Capacity Web System (HOSCAP). Every hospital in Oregon is asked to submit data twice daily HOSCAP. Hospital staff are asked to enter bed capacity information, by type, as well as the numbers of patients with suspected or confirmed COVID-19 illness who are currently hospitalized at the time of data entry. These data may conflict with hospitalization status in OPERA due to case reporting and investigation lags and temporary discrepancies in case classification.

## Notes:

1. Because community transmission is occurring in Oregon and recommendations on [social or physical distancing](#) are in place, as of March 17, 2020, we no longer report daily counts of persons under monitoring.
2. Confirmation by CDC of laboratory results from the Oregon State Public Health Laboratory is no longer required; therefore as of March 15, 2020, we no longer note the number of CDC-confirmed cases.
3. Reporting of travel history is not available for cases reported to OHA by commercial laboratories; therefore as of March 15, 2020, we no longer include information about travel history.
4. As of March 25, 2020, we are including the number of pending test results available from the Oregon State Public Health Laboratory (OSPHL). The OSPHL serves as the first source of testing during an outbreak and as commercial labs come online, OSPHL increases focus on priority testing. Commercial labs have the ability to conduct testing on an industrial scale, but do not report pending results, therefore we only include pending results from OSPHL.
5. As of March 26, 2020, OHA is releasing a COVID-19 Daily Update (formerly called the Situational Status Report). Previous updates are posted on [OHA's COVID-19 News page](#).
