

# Oregon Vital Records: Order a Certified Copy

In Oregon, the Center for Health Statistics issues certified copies of vital records for events that occurred within the state. We partner with [VitalChek](#) for internet orders. You can also order over the phone, by mail, or in person.

## Important Notice

Oregon Center for Health Statistics has received an increased number of calls about third-party vendors selling birth, death, marriage and divorce certificates. These companies charge customers high fees to “process” or “help apply” for certificates issued from the Oregon Center for Health Statistics.

For the fastest service, without high fees, we encourage customers to order certified copies only from the Oregon Center for Health Statistics, your local Oregon county health department, or through our contracted vendor [VitalChek](#).

If you have ordered through one of these third-party companies and would like to file a consumer complaint, contact the [Oregon Department of Justice Consumer Protection](#) or call 1-877-877-9392.

## Replacing Driver's License

The wildfires devastating Oregon are leaving many without essential documents including things like a driver license, ID card or proof of vehicle ownership. Most damaged documents can be replaced through an online request at [www.DMV2U.oregon.gov](http://www.DMV2U.oregon.gov). To complete most online transactions, you will need your driver license or ID card number, plus other information known only to you. If you do not know your card number, call DMV Customer Assistance at 503-945-5000 and they can help you. (Please note: DMV customer assistance phone lines are closed until further notice due to building closures.)
